- Developed lesson plans based on experiential learning, to encourage students to make connections between scientific concepts and their real-world observations
- Used varying forms of graded evaluations, to prioritize true understanding over memorization
- Created lab exercises that are engaging but also informative, to bring hands-on element to course content

### **Astronomy and Science Instructor**

**August 2017 to June 2019 - Astrocamp – Idyllwild, CA**

- Taught concepts ranging from basic physical sciences to complex astronomical topics for ages 10-18
- Led in class activities, discussions, and experiments to facilitate students' development of critical thinking, leadership, and teamwork
- Served as Program Coordinator, a liaison between visiting schools and Astrocamp staff, while also ensuring the activities for the week ran smoothly by coordinating with the instructors for each group and communicating with lead chaperones

### **Head Coach (*Swimming*), Pool Manager, Assistant Head Coach (*Diving*), Lifeguard**

**May 2012 to June 2020 - South Hills Country Club - West Covina, CA**

- Provided constructive critique to all swimmers to help them improve upon previously developed skills and strengths
- Maintained a safe environment in and around the pool through policy enforcement, risk management, and preparation for emergency situations
- Coordinated staff meetings to ensure that the Emergency Action Protocol, and other safety practices, would be upheld by the entire staff to ensure the safety of patrons
- Developed weekly schedules for lifeguard shift assignments

### **Orientation Mentor**

**August 2014 to September 2015 - University of Redlands - Redlands, CA**

- Developed programs and events that helped first year students to gain opportunities to make connections on campus and transition to their new environment
